

2019 Spring Seminar

Friday April 26, 2019

Holiday Inn – St. Cloud, MN

SCHEDULE OF EVENTS

8:15–9:00 a.m. Registration & Refreshments

9:00–12:15 p.m. Trauma Informed Care and the Activity Professional

Phase 3 of the requirements of participation is focused on meeting the behavioral health needs of our residents. This session will address the role of the Activity Professional in trauma informed care. Participants will be able to apply person-centered interventions to meet the needs of older adults experiencing trauma while living in their facilities.

10:30–10:45 a.m. Networking Break

12:20–1:15 p.m. Lunch (included in registration fee)

1:15–1:45 p.m. Ask the Expert Panel – What Do We Really Need to Know

This mini-session will provide a quick review of current survey trends in activities and other regulatory focus points. The session will provide a brief brain-storming session on educational needs for the activity professional for the future. The ideas and topics from this brain storming session will be integrated in the planning of the 2019 fall conference sessions and the “Ask the Experts Panel” special pre-session.

1:45–3:15 p.m. Supportive Documentation for the Comprehensive Care Plan

Documentation is important not only to validate the care that we are providing but it now also supports the reimbursement that we are receiving in today’s world. Supporting documentation is necessary from all disciplines including activities. This session will provide simple, common-sense techniques and documentation strategies for resident centered comprehensive care plans.

This seminar qualifies for 5 continuing education credits.
