

Hungry Hippo or Hungry Animals Game

Items you need:

A pool

Balls for Ball pit

Buckets

Reacher grabber tool

or pool noodles with tape on the end, or butterfly net

Instructions:

You will put the balls into the pool and have each resident have a bucket beside them. Also, give each person a grabber. The grabbers are different colors so u will have the balls correlate with the color of their grabber. Also, if you want to have it fun, put a mask on them with an animal on it.

Have the residents go and whoever is the first to get their colored balls in the pale first wins. Make a trophy that's silly so they can show off. Do it as many times as they want.
